

DEEPANSHU SINGH

AMAZON CONNECT | GENESYS CLOUD CX | AI ENGINEER

+918429615578 | github.com/Deepanshu360 | deepanshusingh774@gmail.com | linkedin.com/in/connectdeepanshu0711

AI and cloud developer with expertise in Amazon Connect, Genesys Cloud CX, Prompt Engineering, Generative AI, and Agentic AI. Experienced in building intelligent contact center, IVR, and chatbot solutions with hands-on expertise in cloud integrations, workflow automation, and customer journey optimization. Skilled in delivering scalable, AI-powered solutions that improve operational efficiency and customer experience.

AREA OF EXPERTISE

- **Cloud Contact Center:** Amazon Connect, Genesys Cloud CX, Amazon Lex, Contact Flow Design, Intelligent Routing, IVR, Virtual Agents, Data Actions, Data Tables, Agent Copilot
- **Cloud Computing (AWS):** IAM, AWS Lambda, Amazon S3, Amazon Bedrock, Amazon Bedrock Agent Core, API Gateway, CloudWatch, DynamoDB, CloudFormation, CloudFront
- **Languages & Tools:** Python, JavaScript, React.js, REST API, Vue.js, Git, GitHub
- **AI & ML:** Generative AI, Prompt Engineering, Agentic AI, LangChain, LangGraph

PROFESSIONAL EXPERIENCE

SDE | Genpact

Jan 2025 - Present

- Designed and implemented AI-powered contact center solutions using Amazon Connect and Genesys Cloud CX, including intelligent IVR, virtual agents, data-driven routing, and agent assistance capabilities.

Software Engineer Intern | InAwwgment Pvt Ltd

Sept 2022 - Aug 2023

- Worked as a Web AR Developer and Web Developer Engineer, focusing on front-end development with Vue.js.

EDUCATION

Bachelor of Technology, Computer Science and Engineering | CGPA: 8.86

Aug 2020 - June 2024

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology, Chennai, India

PROJECTS:

RAG Chatbot Web Application:

- Built a chatbot web app using Amazon Bedrock, S3, and FastAPI, enabling RAG-based knowledge retrieval and direct AI interaction. Designed a custom HTML/CSS/JS frontend and integrated secure APIs with AWS IAM and boto3.

Amazon Lex Banking Chatbot:

- Developed a banking assistant chatbot using Amazon Lex with multi-slot handling for fund transfers and balance checks. Integrated AWS Lambda for dynamic responses and automated deployment via CloudFormation.

Government-Citizen Service Helpline (Genesys Cloud CX):

- Designed and implemented a government citizen service helpline using Genesys Cloud CX with virtual agents, intelligent call routing, Data Actions, and Data Tables for permit status and benefit eligibility inquiries. Built self-service workflows, priority-based routing, and AI-powered features, including Agent Copilot, interaction summaries, sentiment analysis, and analytics dashboards to improve service efficiency and citizen experience.

Interactive Voice Response (IVR) System Enhancement:

- Developed and optimized an IVR system with intelligent call routing, caller authentication, self-service options, and personalized greetings. Implemented queue experience, callback options, and prioritization to improve customer experience and contact center efficiency.

CERTIFICATIONS:

- **AWS Certified Solutions Architect – Associate**
- **AWS Certified AI Practitioner (Foundation)** - Amazon Web Services (Issued March 2025)
- **AWS Certified Machine Learning Engineer (Associate)** - Amazon Web Services (Issued July 2025)
- XO 11 Basic & Advanced Certificate - Kore.ai
- CCNAv7: Introduction to Networks - Cisco Networking Academy
